

APPLICATION FOR PERMIT
TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADADate of filing in State Engineer's Office SEP 20 1976Returned to applicant for correction OCT 15 1976 DEC 2 1976Corrected application filed NOV 30 1976Map filed NOV 30 1976 under 30682The applicant Union Oil Company of California461 South Boylston

Street and No. or P.O. Box No.

, of Los Angeles

City or Town

California 90017

State and Zip Code No.

hereby make application for permission to appropriate the public waters of the State of Nevada, as hereinafter stated. (If applicant is a corporation, give date and place of incorporation; if a copartnership or association, give names of members.)

Incorporated in California on October 17, 1890

1. The source of the proposed appropriation is underground

Name of stream, lake or other source.

2. The amount of water applied for is five second-feet

One second-foot equals 448.83 gals. per min.

(a) If stored in reservoir give number of acre-feet acre-feet

3. The water to be used for industrial and domestic

Irrigation, power, mining, manufacturing, domestic, or other use.

4. If use is for:

(a) Irrigation (state number of acres to be irrigated)

(b) Stockwater (state number and kinds of animals to be watered)

(c) Other use (describe fully under "No. 12. Remarks") industrial and domestic

(d) Power:

(1) Horsepower developed

(2) Point of return of water to stream

5. The water is to be diverted from its source at the following point: Weishaupt #1: Lot 2, Sec. 6

T19N, R31E, M.D. B&M at a point that bears S. 88° 02' 40" E.,

Describe as being within a 40-acre subdivision of public survey, and by course and distance to a section corner. If on unsurveyed land,

3101.14 feet from the NW corner of Sec. 6, T19N, R31E, M.D. B&M.

it should be stated.

6. Place of use see attached

Describe by legal subdivision, if on unsurveyed land it should be so stated.

7. Use will begin about January 1 and end about December 31, of each year.

Day and Month

Day and Month

8. Description of proposed works. (Under the provisions of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.) Drill well to a depth of 5000 feet
or more and install a deep pump if necessary

State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits.

- 9. Estimated cost of works in excess of \$100,000.00
- 10. Estimated time required to construct works three years
- 11. Estimated time required to complete the application to beneficial use five years
- 12. Remarks: For use other than irrigation or stock watering, state number and type of units to be served or annual consumptive use.

Proposed well to develop geothermal resources for industrial uses.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to existing rights. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to beneficial use. It is also understood that this right must allow for a reasonable lowering of the static water level. If the well is flowing, a valve must be installed and maintained to prevent waste. Accurate measurements must be kept of water placed to beneficial use. This source is located within an area designated by the State Engineer, pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

There are to be no perforations in the well for at least the first 3000 feet. The well is to be cemented from the 3000 foot level to the surface to protect fresh water zones.

This permit is further issued subject to the condition that the power or energy generated by the beneficial use of this water or steam is subject to recapture and use within the boundaries of the State of Nevada when the need arises.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 5.0 cubic feet per second, but not to exceed a total combined duty of 3620.0 acre-feet annually under Permits 30682, 30684, and 30685

- Actual construction work shall begin on or before May 2, 1979
- Proof of commencement of work shall be filed before June 2, 1979
- Work must be prosecuted with reasonable diligence and be completed on or before May 2, 1980
- Proof of completion of work shall be filed before June 2, 1980
- Application of water to beneficial use shall be made on or before May 2, 1983
- Proof of the application of water to beneficial use shall be filed on or before June 2, 1983
- Map in support of proof of beneficial use shall be filed on or before

Commencement of work filed JUN 20 1979
Completion of work filed JUN 15 1983
Proof of beneficial use filed
Cultural map filed
Certificate No. Issued
